Government Azizul Hoque college, Bogura

Bachelor of Social Science
Government Azizul Hoque college, Bogura

Higher Secondary Certificate
Ranir Hat School and Technical College

Secondary School Certificate
Gohail Shilikha Dakhil Madrasha

Language
- Bangla (Native)
- English (Professional Proficiency)

Team Projects
Craving (Food delivery)   GitHub Link Live Link
- **Technologies** - Next.js, NextAuth.js, TypeScript, Mongodb, Tailwind css, Shadcn/Ui.
- **My Contributions** - I set up the backend with MongoDB to manage user and donation data, and implemented secure user authentication using NextAuth.js. The UI was integrated with ShadCN, creating a modern, responsive interface. I developed a fully functional donation section, allowing users to contribute funds securely while managing donor data and transactions. Additionally, I designed and connected the frontend to backend logic, and created an engaging About page to highlight the platform's mission.

Personal Projects
Chilli Gamer   Server Side Repo Client Side Repo Website Link
- **Technologies** - React.js, Mongodb, express.js, Jwt, Firebase and Tailwind css.
- **Key Features** - Sorting and Filtering, Review Management, User-Friendly Interface
- **Descriptions**: Chilli Gamer is a gaming review platform where users can register, add reviews, view their own and others' reviews, and save favorites to a personal watchlist. It offers a secure, user-friendly experience with real-time updates and a fully responsive design.

Study Sphere   Server Side Repo Client Side Repo Website Link

- **Technologies** - React.js, Mongodb, express.js, Jwt, Firebase and Tailwind css.
- **Key Features** - Study Session and Material Management, Course Booking and Payment System, Admin Control Panel
- **Descriptions**:This project features a comprehensive study management system where tutors can create study sessions, upload materials, and manage their content. Students can book courses, make payments, and access all study materials from their dashboard. Additionally, an admin dashboard is included for managing users, study sessions, and overall platform operations efficiently.

Certifications & Training

- Complete Web Development Course at Programming Hero
- Complete Responsive Web Design Course at Creative IT Institute

SOFT SKILLS

- Quick learning
- Teamwork

HOBBIES AND INTERESTS

- Reading Islamic books to deepen spiritual knowledge and understanding
- Exploring new technologies
- Traveling to new places to experience diverse cultures and broaden perspectives
